

A full-page photograph of a wedding couple in a rustic stone building. The bride, with blonde hair, wears a white lace gown and holds a large bouquet of white and red flowers. The groom, with dark hair, wears a black tuxedo and kisses her on the cheek. They stand between two large, multi-paned windows. The stone walls are weathered and textured. Sunlight filters through the windows, creating a warm atmosphere.

# HELLO and WELCOME

Paul Hawzett Photography is the perfect destination for couples seeking an unforgettable wedding photography experience without the need for stiff posing or the hassle of traditional photographers.

Long after the confetti has settled and the last song has played, your photographs will take you right back to the heart of your wedding day. They'll remind you not just of how beautiful you looked, but, more importantly, how you felt - the love, laughter, and emotions that made your celebration truly one-of-a-kind.

# MY STYLE

90% unposed, natural photographs with the other 10% saved for some amazing portraits. The kind you will want to hang on your wall.

# MY PHILOSOPHY

I'm there to capture your day as it unfolds. I want you to look back at your photographs and remember how it felt, the laughter, the nerves, all the moments you didn't see and the ones you will cherish when you do!

# MY PROMISE

I promise you an amazing photography experience — not just gorgeous photos, but a totally hassle-free day. With 15 years of experience shooting weddings all over the world, I know exactly when to give a bit of direction and when to stay in the background.

My goal is simple: to create photos you'll love forever. Beautiful, honest moments captured with care... and without any of the fuss.

# MEET PAUL

In 2026, I will be celebrating 15 years as a wedding photographer. In 2024 I also hit a huge milestone — my 400th wedding. So yes, you're definitely in safe hands.

Home for me is North Cave, in beautiful East Yorkshire, where I live with my amazing wife and family. My editing studio is lovingly shared with Frank, my Golden retriever. Family is everything to me, and this job has given me something priceless — the time to watch my boys grow into the incredible young men they have become.

Before photography took over my life, I studied Engineering at Hull University and worked as an aeronautical engineer, spending my days around the fast-paced Hawk and Harrier jets. Quite a career jump, I know!

Golf is my stress relief followed closely by a trip to the sea or the slopes. I'm rarely not too far from my passport. Whistler, Canada, is my spiritual home — my favourite place on earth. And if my numbers ever come in, that's exactly where you'll find me.

# "OUR EXPECTATIONS WERE ALREADY SKY HIGH"

"Thank you so so much for our amazing photographs. We couldn't love them any more. Our expectations were already sky high and you exceeded those. We were simply blown away by your photographs and how special you made us feel on the day"

*Candia & Lee*

# MY APPROACH

My approach to wedding photography is really simple

## MY FOCUS IS ON YOU!

A wedding day has a kind of magic you just don't find anywhere else — and I absolutely love it. Great photography is all about relationships... your relationship with each other, and the connection we build together.

When you trust your photographer, the images become effortless, natural, and full of life. Those are the photos that keep your memories alive forever.

I'm there to capture your day exactly as it unfolds. I want you to look back at your photographs and remember how it all felt — the laughter, the nerves, the tiny moments you missed, and the ones you didn't even know happened. The amazing portraits and the epic couple shots you will want to hang on your wall.

## “A huge 10 star review”

Paul captured all the love and magic! He is such a likeable person and he felt like a best friend to us and instantly made us feel at ease. He has taken the most beautiful photos of our day and also our engagement shoot in the summer. We would highly recommend Paul to anyone planning a wedding, do not hesitate. Paul also edited our photos quickly and we recieved them within two to three weeks after our wedding. Paul is very polite and calm, he made us both feel at ease on the day! A huge 10 stars from us, we can't wait to make a book of all of our wonderful photos xxxx

A full-page photograph of a wedding couple in a narrow, cobblestone alleyway. The bride is wearing a white, short-sleeved, textured dress and a white veil, and the groom is wearing a white shirt, a dark blue vest, and light-colored trousers. They are standing close together, looking at each other. The alleyway is flanked by brick walls, and a large, leafy tree hangs over them from the left. In the background, a large, ornate stone building, likely a cathedral, is visible. The scene is bathed in warm, golden light, suggesting late afternoon or early morning.

"I take photos as a return ticket to a moment otherwise gone."
